Buyer's Checklist

Engage a conveyancer

Your conveyancer will help you manage the milestones in your contract of sale and guide you all the way to settlement, making sure your interests are protected along the way.

Talk to your lender

If your contract is subject to finance, you should begin the process of obtaining full finance approval as soon as possible.

Pay the contract deposit

This is the deposit amount you and the seller you have agreed to, up to a maximum of 10% of the purchase price. See your contract for details.

Insure the property

The property is at the buyer's risk from 5pm on the first business day after the contract date. It is critical that you take out insurance as soon as possible.

Arrange a building and pest inspection

If your contract is subject to building and pest, arrange a time for the inspection with your building inspector and the selling agent.

Once your contract is unconditional

Book removalists, arrange mail redirection and electricity/gas and internet connection.
